Subway Entrances (Set of 2), 10mm Scale
SUB2-10mm

Easily indicate mass transit between structures, as in the Underground Monorail card featured in Dropzone Commander, by placing a pair of these excellent Subway Entrances at the base of each building. Constructed of sturdy 1/8" MDF, assembly and painting is a snap! Each kit contains parts for two 10mm scale Subway Entrances!

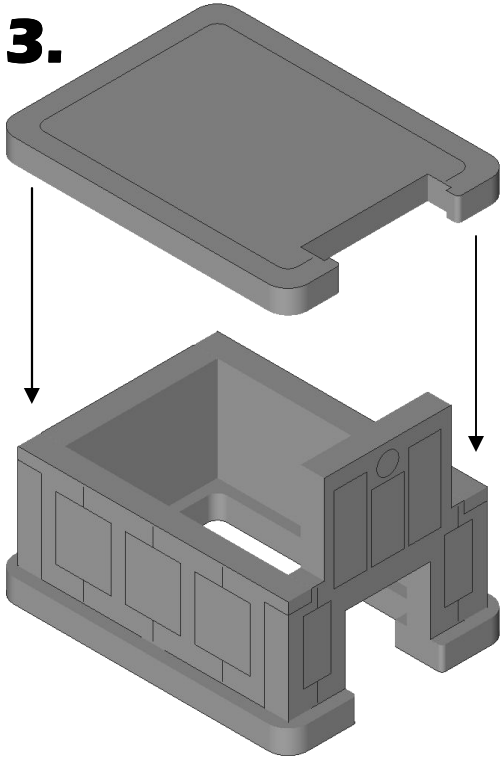

You will need a hobby knife, a fine file, and PVA glue to assemble this wooden MDF kit.
